

# World Vue

Global Vue Collaborative Meetup

## World Vue

World Vue is an initiative for the Vue.js community focused on community building. We host community-led events for the global Vue.js community as we collaborate with different Vue.js communities from around the world. Our goal is to bring all Vue communities together and create a place where we can all share resources and knowledge.

Each event will feature members of local participating communities; every location can provide a speaker as we broadcast around the world bringing new and seasoned speakers to everyone. All Vue.js communities are welcome and encouraged to participate.

Our last event had 1749 tickets sold, with up to 800 people attending the event at the same time via zoom and YouTube. While we don't have a complete list, we know that we had dozens of countries participate, including India, Spain, Nigeria, Ukraine, Argentina, Thailand, Berlin, Brazil, Philippines, Finland, South Africa, Connecticut, Canary Islands, Russia, Bangladesh, Belgium, Mexico, USA, Switzerland and Austria. A recording of the event is available here: <https://youtu.be/TZ9wXKVQSWo>

## Location

These events are hosted and broadcasted online. When possible, communities can choose to meet in person and broadcast the event with their community to create a more interactive environment. The event information can be found in Eventbrite and will eventually have a page in the Vue Events site.

## Sponsorship Packages

Interested in sponsoring our event and give back to the Vue.js community? We plan to use this sponsorship to help other Vue.js communities grow. This might include help with transcripts for translations, local event sponsorships, and other resources.

### **Platinum sponsor: \$1000 (Limit 1):**

- ★ Listed as main sponsor on our website until next event
- ★ Name in the respective section on event site
- ★ Mentions in select official event tweets
- ★ Logo will be in the sponsorship slide during the event
- ★ Logo will be in any official event emails
- ★ Opportunity to give a lightning talk (up to 5 minutes)
- ★ Opportunity to give a sponsor talk (1 minute)
- ★ Opportunity to choose lightning talk slot
- ★ Persistent logo on all hosting slides
- ★ Opportunity to include promotional material (i.e., stickers / brochure) in swag packs that are sent to each participating community (when feasible)

### **Gold sponsor: \$500 (Limit 2):**

- ★ Listed as main sponsor on our website until next event
- ★ Name in the respective section on event site
- ★ Mentions in select official event tweets
- ★ Logo will be in the sponsorship slide during the event
- ★ Logo will be in any official event emails
- ★ Opportunity to give a lightning talk (up to 5 minutes) or a sponsor talk (1 minute)

### **Silver sponsor: \$200 (Limit 3):**

- ★ Name in the Silver section on event site
- ★ Mentions in select official event tweets
- ★ Logo will be in the sponsorship slide during the event
- ★ Logo will be in any official event emails
- ★ Opportunity to give a sponsor talk (1 minute)

If you have any questions about sponsorship, please contact [marialamardo@outlook.com](mailto:marialamardo@outlook.com) for more details.

## Event organizers

Along with many other communities, these are the people behind the World Vue events

### **Maria Lamardo**

**marialamardo@outlook.com | @marialamardo**

Front End Engineer at Pendo  
Vue.js Community Partner
